St. John Catholic School Athletic Code of Conduct

St. John Catholic School provides an athletic program for the benefit of the St. John's students. We believe that participation in a competitive athletic program can provide students an opportunity to learn responsibility, dedication, leadership, hard work, respect for rules, and respect for authority, as well as other positive qualities.

Regulations are established to promote these qualities and to help build and maintain a strong athletic program. It is recognized that some of the expectations for student/ athletes exceed the expectations for the general student body. Athletes are expected to follow all athletic policies set by the athletic department and the St. John School campus rules and policies. Violations of any of these rules will result in corrective and/ or disciplinary action. The facts and circumstances will be taken into consideration when determining what actions will be taken. Students can be dismissed from the athletic program for violation of the following rules:

1. Athletes are expected to maintain a favorable attitude and proper conduct. If the attitude and conduct of an athlete becomes a detriment to the program, the athlete can be dismissed from the program.
2. If an athlete is to miss a practice, meeting, or contest, he or she must notify the coach in advance. All appointments should be made on your time, not our time. First offense may result in disciplinary action.
3. Always be on time for classes, meetings, practice, games, etc. Tardies will not be tolerated. First offense may result in disciplinary action.
4. Dress for athletes will conform to the standards set by the Student/Parent Handbook.
 - a. Students must wear shirts, shorts, and proper footwear at ALL times
5. You are responsible for returning all issued equipment and taking care of all the athletic facilities.
6. Profanity will not be tolerated. First offense may result in disciplinary action.
7. Hazing, initiation, or any "rites of passage" will not be tolerated in any way, shape, or form. Both the School Administration and the Athletic Department may discipline any athlete involved in such actions.
8. An athlete cannot participate in more than one sport at a time unless all parties involved (i.e. Principal, AD, coaches) agree upon it.
9. Athletes are expected to act beyond the standards of the general student population as they are the leaders of our school and community. An athlete who is disciplined by the school's administration for a disciplinary problem may be subject to further disciplinary action by the coach of his or her sport. Action is up to the discretion of the Athletic Director and coach.
10. If at any time an athlete quits or is dismissed from the team in or out of a season, he/she gives up all rights to any honors he/she has earned but not yet received. If an athlete quits, he/she must complete the following procedures:
 - a. Meet with the head coach of that sport
 - b. Convey to his/her parents so that they fully understand that he/she is quitting the program and the circumstances associated with quitting the program. A letter must be submitted by the parents.
 - c. He/She forfeits the right to participate in that sport or any other sport until that current season is over.
11. All decisions concerning an athletic team will be based first on what is best for the team and then what is best for the individual.

I have read and understand the Athletic Code of Conduct.
